

Bringing Tech Minds Together

exper**t**ech

organized by ATL

# WHAT EXPERTECH IS ABOUT

Experitech is monthly tech meetup series organized by **ATL Tech** to bring IT professionals & fans together. The goal of this meetup series is a commitment to the development of local IT ecosystem.

Experitech not only offers a great networking opportunity for both students and professionals, but also creates the environment to discuss and develop freshly generated ideas.

Our guest speakers are keen to share their local and/or foreign experiences, their outstanding knowledge on selected topics, answer the audience's questions based on years of learning.

Many students from different universities, junior and senior professionals, IT enthusiasts come together every month to have an interactive talk on trending Tech news and carefully selected hot topics.

# EXPERTECH IS

- Free of charge
- Open to everyone
- Location-friendly
- An afterwork activity
- Full of food
- On trending topics

# EXPERTECH IS NOT
